In re Application of: :
 Kimura et al. :
 Serial No.: 10/582,304 : PETITION DECISION
 Filed: April 20, 2007 :
 Attorney Docket No.: 14875-166US1 CI-
 A0323P-US

This is in response to the petition under 37 CFR § 1.59(b), filed July 14, 2009, to expunge information from the above identified application. This application has not been allowed.

Petitioner requests that information submitted to the Patent Office on July 14, 2009, be expunged from the record. Petitioner states either: (A) that the information contains trade secret material, proprietary material and/or material that is subject to a protective order which has not been made public; or (B) that the information submitted was unintentionally submitted and the failure to obtain its return would cause irreparable harm to the party who submitted the information or to the party in interest on whose behalf the information was submitted, and the information has not otherwise been made public. The petition fee set forth in 37 CFR § 1.17(g) has been paid.

This is an examined application which is currently under non-final rejection. As such the information provided has been reviewed, in part, but proceedings in the application have not been terminated. As stated in M.P.E.P. 724, upon allowance or other action closing prosecution in an application, petition may be made for return of Proprietary information. The information cannot be expunged at this time.

The petition is **DISMISSED**. Petitioner may resubmit the petition subsequent to a Notice of Allowability or *ex parte Quayle* action being mailed in the application. No additional petition fee will be required at that time.
